

Electromagnetic lock LM-2805

Application scenario

Enterprise

Institution

Supermarket

Apartment

Hotel

Product parameters

Input voltage	DC12V
Working current	480m A±5 %
Tensile force range	280kg±5 %
Weight	1.77kg
Lock body size	250x 47 x 25.5mm
Iron plate size	180x 38x 11mm
Interface Description	V + - positive power supply; V - - negative power supply; Feedback signal output: NO/COM/NC
